### **Prestige Medical Imaging Reaches Milestone With 1,000th DR installation.**

**FORT LAUDERDALE, FL – December, 2018** – With the recent install of Three State-of-the-Art Digital X-Ray Room Suites at the Orthopaedic Center of South Florida in Plantation, FL. Prestige Medical Imaging (PMI) the largest independent provider of digital imaging technology and services for medical facilities, is pleased to announce that they have reached a milestone with their 1,000th DR installation.

Mr. Bill Haussmann, Chief Executive Officer for Prestige Medical Imaging comments, "We are very excited about reaching this milestone and thrilled to share this moment with our new partner, the Orthopaedic Center of South Florida. The systems we have installed there represent industry leading Digital Imaging technology that improves image quality and patient through-put. "

The upgrade at the Orthopaedic Center of South Florida's Plantation Office includes three state of the art fully Integrated Digital Radiography X-Ray room suites which replaced three rooms with aging CR technology. The installations are similar to the one found at the American Airlines Arena in downtown Miami, home of the National Basketball Association's (NBA) Miami Heat. These suites feature High-Frequency Generators, Floor-Mounted Tube Supports with TechVision™, Elevating/Float-Top Radiographic Tables, Digital Wall Stands, and DR Detectors providing superior imaging and improved patient care.

The Orthopaedic Center of South Florida is one of the nation's leaders in treating all types of orthopaedic and podiatric injuries. Their healthcare professionals & support staff maintain an environment that is friendly and courteous, with exceptional service with six convenient locations serving the tri-county area.
